Sales of each business

[Unit: 100 million yen]

Operating profit/  
Operating profit to sales ratio

[Unit: 100 million yen]

- 1942 Our company was founded as “Yamada Air Industry Co., Ltd.” in Takasaki City, Gunma Prefecture. At that time, it manufactured wing parts for airplanes.
- 1945 Our company’s name was changed to “Yamada Industry Co., Ltd.,” and it created the foundation of today’s MAX by starting the manufacturing of office equipment.
- 1949 Smart Manufacturing & Sales Co., Ltd. was established as our sales company in order to establish our sales system. (Its name was changed to MAX Manufacturing & Sales Co., Ltd. in 1954)
- 1955 Yamada Industry Co., Ltd. was renamed to MAX Industry Co., Ltd.
- 1963 We made a capital, technical and sales alliance with Bostitch Inc. in the USA (which later went under the umbrella of Textron Inc. in 1965)
- 1964 MAX Industry Co., Ltd. and MAX Manufacturing & Sales Co., Ltd. were merged, and became MAX Co., Ltd. This formed an integrated system from manufacturing to sales.
- 1970 We became listed on Tokyo Stock Exchange.
- 1973 Investment ratio in Textron, with which we had made a capital, technical and sales alliance, became 50%.
- 1981 Our Head Office was relocated to Nihonbashi Hakozaki-cho, Chuo-ku, Tokyo.
- 1988 Tamamura Factory, which was built as the main factory for manufacturing drafting equipment, was established and started its operation.
- 1990 MAX FASTENERS(M) SDN. BHD. was established in Malaysia.
- 1991 New factory specialized in manufacturing pneumatic nailers was established on the site of Tamamura Factory and started its operation.
- 1993 We dissolved the capital, technical and sales alliance with Stanley Works Inc. in USA (which had acquired Bostitch Division from Textron in 1986). We established MAX USA Corp., a sales company in USA, and started our own global strategy.
- 1997 Fujioka Factory was redeveloped.
- 2000 Acquired 2 companies of SHINWA HI-TEC group, which makes heater-ventilator-dryers for bathrooms, and entered into the housing environment equipment business.
- 2003 MAX ELECTRONICS MACHINE CO., (SHENZHEN) LTD. was established in China to manufacture electronic office equipment.
- 2005 MAX (THAILAND) CO., LTD. was established in Thailand to manufacture pneumatic nailers.
- 2006 MAX EUROPE B.V. was established in the Netherlands as our sales company.
- 2007 Yoshii Factory, which was built as the main factory for manufacturing home environment equipment, was established and started its operation.
- 2010 We acquired shares of Kawamura Cycle Co., Ltd., which was a manufacturer of wheelchairs, and turned it into a consolidated subsidiary. MAX ELECTRONICS MACHINE (SUZHOU) CO., LTD., was established in China for manufacturing heater-ventilator-dryers for bathrooms.
- MAX ASIA PTE. LTD. was established in Singapore as our sales company.
- MAX (SHANGHAI) CO., LTD. was established in China as our sales company.
- 2011 New building was built in the site of Tamamura Factory, and our Research & Development Division was relocated to this building from Takasaki.
- 2013 Eastern Seaboard Factory was established in Thailand to manufacture office equipment and started its operation.
- 2014 We acquired all the shares of Lighthouse (UK) Holdco., Ltd., which had been our European agency for selling “Bepop,” our sign creator.
- 2017 Our domestic sales subsidiaries were integrated and renamed as MAX Sales Co., Ltd.
- 2018 New factory was established on the site of the Thailand Factory to manufacture “TIEWIRE,” our expendable for concrete reinforcing bar tying machines.
- 2019 Lighthouse Europe B.V. was established in the Netherlands as a sales office of “Bepop,” our sign creator.
- 2022 MAX EUROPE B.V. GERMAN OFFICE was established in Germany as our sales base.
- 2023 The factory specialized in “TIEWIRE” was expanded within the Thailand Factory and started operation.

At MAX Co., Ltd., the protection of customers' information assets and our internal information assets are among the most important basic policies in our corporate management. That is why we have obtained the information security management system certification under ISO/IEC 27001 for our Sales Division, Head Office, Repair Division, Production Engineering Division, Procurement Division, Distribution Warehouses, and Information Systems Management Department.

We have also obtained business continuity management system certification under ISO 22301 to ensure the continuous production and supply of our priority product groups. This certification applies to our Tamamura, Fujioka, Yoshii, and Kuragano Factories as well as the production support department and information systems management department associated with those factories.

JQA-1916

MAX Co., Ltd. is engaged in the design, development, and manufacturing of pneumatic nailers, staplers, electronic staplers, sign cutting and printing machines, and home environment equipment, as well as their consumables, and has obtained certification for its quality management system (ISO9001)

JQA-EM0462

MAX Co., Ltd. has acquired certification for its environmental management system (ISO14001) at its Tamamura Factory, Fujioka Factory, Yoshii Factory, Takasaki Office and Kuragano Factory.

This printed matter is made of FSC® certified material and FSC® controlled raw material, as well as UV ink without VOC (volatile organic compounds), in order to be eco-friendly.
